**LETTER OF DEFICIENCY #WELL - 04-03**

Subject: Wells Constructed for Lamplighter Estates, Kingston, NH

Dear Mr. Viera:

A review of the New Hampshire Department of Environmental Services ("DES") public water supply records indicate that Viera Artesian Well Company constructed two wells for the Lamplighter Estates in Kingston, NH on August 17 & 18, 1999. A search of the NH Water Well Board ("Board") records indicate that the well completion reports for these wells were not submitted to the Board.

RSA 482-B:10 and We 801.03(a) and (c) require a water well contractor to file a well completion report with the NH Water Well Board within 90 days following completion of the well.

Please submit the original well completion reports to the Board within 14 days of receipt of this notice.

The DES record, (a facsimile of the well completion reports) indicate that the wells were drilled for Vince Rizzo R&C Realty Trust and were identified as well #1 North and well #2 South. Please note that reports submitted to DES in association with permits or approvals does not satisfy the requirement for filing well completion reports to the Water Well Board, pursuant to RSA 482-B:10.

Failure to comply with this request within 14 days may result in the issuance of an administrative fine in accordance with the provisions of RSA 482-B:16 and Env-C 616.02 (e).

If you have any questions, please call Rick Schofield at 271-1974

Sincerely,

**COPY**
